PARENT/GUARDIAN'S CONSENT TO PHOTOGRAPHING / VIDEO RECORDING AND PUBLISHING OF CHILD'S PHOTOS / VIDEOS

Dear parents/guardians,

On the occasion of the beginning of the new school year, the school's management wishes to inform you about the following issues regarding the photographing/video recording of pupils:

- a) Photography/video recording on the school premises is organised and coordinated by the school's Headteacher.
 - b) Photographing/video recording of pupils by strangers is not allowed. With regard to the media (TV channels, magazines, newspapers), they are only allowed to enter schools only if they have a written permission from the respective District Education Office. Even in this case, however, photographing/video recording is allowed only if there is written consent from the parents/guardians.
 - c) Anyone uploading photos or videos of pupils onto social media or websites is required to have the consent of the parents/guardians of the pupils in advance.
 - d) Following the relevant instructions of the Commissioner for Personal Data Protection, parents/guardians of pupils can photograph/video record their own children. However, they cannot upload photos/videos where other children appear, without having obtained the consent of their parents/guardians in advance.
 - e) During school festivities/events, the school photographer can photograph/video record the pupils whose parents/guardians have given their written consent. Under no circumstances, however, is s/he allowed to process the material later and post it onto social media.
2. In the context of various school activities, printed and/or electronic material which is produced, may include photo and/or video content which includes the pupils (e.g., class/school newspapers, school website, album, newsletters, children's periodicals, Ministry of Education, Sport and Youth publications, etc.).

3. For legal reasons, your written consent is required, for photographing/video recording your child/children and for publishing your child's/children's photos and/or videos.
4. Bearing in mind all of the above, please complete the following by adding a ✓ in the right column.
